TL2900 Electric WireBind Finisher

7301200

Product Description

Wire binding is faster and easier with this electric finisher. A dual load-and-crimp station eliminates the extra step of moving documents for loading. Just hang the spine, load the paper and close with the touch of a button. LEDs guide production by showing status at a glance.

Case information

Depth	25"
Width	23"
Height	20"
Gross weight	66.00lbs
UPC#	033816045460
Unit quantity	1

Shipping Information

Country of origin	??
Minimum Order Quantity	1
Lowest possible unit	Each

General information

Color	115 VOLT
Layer/Pallet	2
Cases/Layer	2

Features

- LED guide indicators
- Adjustable knob for fine-tuning spine closure
- Wire holder for easy loading of spines
- Angled surface for easy loading and paper alignment
- Spine-size settings for faster operation
- Binds documents up to 12"

Specifications

- **Binding Style** WireBind
- **Period of Warranty** 90-day
- **Safety Certification** UL Approved
- **Warranty Group** N/A

Other information

- **Dimensions** 18" x 7" x 13"
- **Finish** Matte
- **Power Requirements** 115V, 60Hz, 3.5A

GBC TL2900 Modular Series Electric Wire Closer

Technical Specifications

Document Thickness	3:1 Pitch ¼" - 9/16" (6 - 14mm)
	2:1 Pitch 5/8" - 1 ¼" (16 - 32mm)
Maximum # Sheets	250 (80gsm)
Document Size Punched Edge	Up to 12" (30cm)
Document Size Un-punched Edge	Up to 14" (35.5cm)
Approx. Weight	19.5 kgs
Approx. Packaged Weight	26.8 kgs
Machine Dimensions	406 (w) x 178 (h) x 330 (d) mm
Power Requirements	230V/50Hz/1.0 Amps
Safety Approvals	TUV / CE / GS

Features

- **Electric Binding:** Produces a quality crimp in less than 1 second, for up to 200 books per hour.
- **Dual Activation Binding:** Quickly and safely crimps the wire document with a 'push and hold' motion.
- **Closing Lid:** Ensures that the wire element is in the proper closing position for a round wire close.
- **Wire Loading Hooks:** Holds both 3:1 and 2:1 wire in place while pages a re loaded and the document crimped, eliminating manual movement of the document into a separate closing station.
- **Single Adjustment Knob:** Adjusts the closing lid quickly and evenly for crimping different size wire in one easy step.
- **Wire Size Guide:** Convenient wire size label quickly determines the appropriate size and pitch of the wire for binding.
- **Wire Size Display Window:** Indicates the approximate range for closing wire from ¼" to 1 ¼" and displays current setting.
- **User Friendly LED's:** Four LED's guide the user through out the binding process LED's read "LOAD", "PUSH & HOLD", "DONE" and "RE-DO".
- **Auto Reverse:** Ensures safety by reversing the motor and crimping action if operator removes hands from activation buttons too soon.
- **All Metal Construction:** Solid castings provide longer life and greater durability.
