

■ A4 Desk-Top Model . Punching & Binding

- Punching & Binding Length : 300 mm / 21 holes (A4)
- Punching Capacity : 8 Sheets
- Binding Capacity : 20 mm
- Measurement : 37 x 22 x 15 cm
- Net Weight : 4 kg

HPB-123

■ A4 Standard Model . Punching & Binding

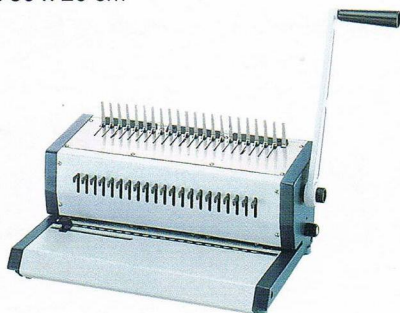

- Punching & Binding Length : 300mm / 21 holes (A4)
- Punching Capacity : 20 Sheets
- Binding Capacity : 50 mm
- Measurement : 43 x 30 x 20 cm
- Net Weight : 8 kg

PROBIND-21

■ A4 Advanced Model . Punching & Binding

- Punching & Binding Length : 300 mm / 21 holes (A4)
- Punching Capacity : 20 Sheets
- Binding Capacity : 50 mm
- Specification : 4 positions adjustable depth guide
Disengaged punch dies
- Measurement : 43 x 30 x 20 cm
- Net Weight : 12 kg

PB-21

■ A4 / F4 Advanced Model . Punching & Binding

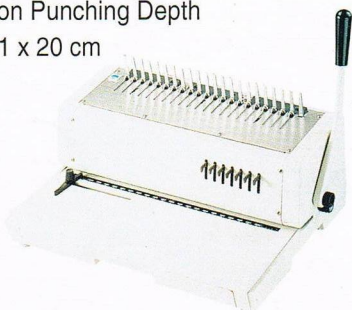

- Punching & Binding Length : HPB-210 = 300 mm / 21 holes (A4)
HPB-240 = 340 mm / 24 holes (F4)
- Punching Capacity : 20 Sheets
- Binding Capacity : 50 mm
- Specification : 4 positions adjustable depth guides
9 variable rings opening controls
Disengaged punch dies
- Measurement : HPB-210 = 41 x 30 x 20 cm
HPB-240 = 46 x 30 x 20 cm
- Net Weight : 12 kg

HPB-210/240

■ A4 Electrical Model . Electrical Punching & Manual Binding

- Punching & Binding Length : 300 mm / 21 holes (A4)
- Punching Capacity : 15 Sheets
- Binding Capacity : 50 mm
- Specification : Elec. punching button, manual binding handle
Disengaged punch dies
4-Position Punching Depth
- Measurement : 43 x 31 x 20 cm
- Net Weight : 13 kg

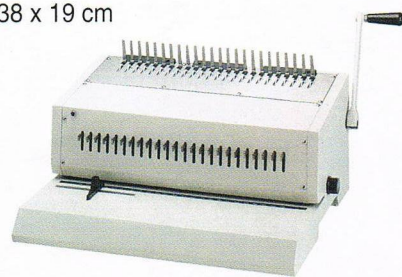

TCC-210EPB

• **TCC-210EPB** is back up with IEC Safety Certificate (IEC = International Electrotechnical Commission, H.K. is one of the commission members) or called CB Test, which is accepted by HKSAR govt.

■ F4 Electrical Model . Electrical Punching & Manual Binding

- Punching & Binding Length : 340 mm / 24 holes (F4)
- Punching Capacity : 20 Sheets
- Binding Capacity : 50 mm
- Specification : Elec. punching button, manual binding handle
Disengaged punch dies
4-Position Punching Depth
- Measurement : 43 x 38 x 19 cm
- Net Weight : 23 kg

HEPB-240

• **HEPB-240** is back up with IEC Safety Certificate (IEC = International Electrotechnical Commission, H.K. is one of the commission members) or called CB Test, which is accepted by HKSAR govt.
