

YUZHOU LAMINATOR

Product Introduction:

YUZHOU Laminator is applicable for laminating of various certificates, such as ID card, business card, photo, driving license, working permit and blueprint etc. It can heat rapidly and be at even temperature by adopting infrared heating system. It can be used after heating for three minutes upon power up. With integrated circuit temperature controlling system, it has high precision, accurate controlling temperature and is convenient for thermos regulation.

There are a great variety of YUZHOU Laminators with complete models. They are real favorites with vast consumers.

***Remark: Industrial Machine(For Industrial and commercial use only)

Specifications:

Power Supply	220-240V
Dimension (W x L x H) cm	49x20, 5x11, 5
Weight	8,5 kg
Max Laminating Width	320 mm
Max Laminating Thickness	1.2 mm
Laminating Speed	50 cm/min
Warm Up Time	3 minutes
Power Consumption	600 watts
Auto Reverse	Yes
Transport Type	4 rollers
Cold Lamination	Yes
Photo Lamination	Yes

Operation Instruction:

	80 Mic:	100 Mic:
Paper	135°C	140°C
Catalogue	140°C	145°C
Photo	150°C	155°C
