

## SAFESCAN 2210 BANKNOTE COUNTER

The Safescan 2210 is a fast and reliable banknote counter that will help with the cashing up process at the end of each working day. It can count 1000 banknotes per minute while also performing a UV feature check. The Safescan 2210 is equipped with an advanced detection system that will notify the user when a counterfeit banknote is present. Reliable and affordable, the Safescan 2210 is suitable for all currencies.

- Counts 1,000 banknotes per minute
- UV feature detection
- Auto start and stop function
- Compatible with all currencies
- Add and Batch functions
- Notification when counterfeit banknotes detected
- Large and clear LCD display
