EASY TIME & ATTENDANCE POWERED BY THE CLOUD

Are you looking for an easier way to monitor your staff's time and attendance? Meet TimeMoto, the complete workforce management solution. The newest TimeMoto push enabled terminals offer RFID, fingerprint and face clocking. The included TimeMoto PC software for single PC use allows you to stay updated on employee status, create work schedules, keep an eye on overtime and export data to Excel, CSV and PDF.

The TimeMoto Cloud solution provides you with a flexible way to manage your workforce. Working in the cloud means you can view staff presence, manage work schedules, and create reports wherever and whenever it's convenient: at work, at home, or on the road. Employees who spend a lot of time on the road or working remotely can clock in and out anytime and from any mobile device.

Clocking with RFID proximity card, fingerprint, face recognition or PIN code

TimeMoto desktop software for single PC use included

Or TimeMoto Cloud (30 days included)
