

Large Digital Chest

CHW30300

At SentrySafe we design our products to withstand the adverse effects of fire, water, theft, and other hazards. Our Large Digital Chest includes a programmable, digital lock that allows consumers to choose their own combination for additional security and personalization. This personal chest provides .36 cu. ft. internal capacity, with more room than traditional chest, to provide valuable protection for small but important items.

FEATURES:

- Programmable, digital lock for easy access and improved security
- UL Classified for Fire Endurance (1/2-hour at 1550°F/843°C), to ensure protection of documents, records and valuables in the event of a fire
- ETL Verified for 1/2-hour fire protection of digital media up to 1550°F/843°C in the event of a fire
- ETL verified for a minimum of 72 hours of water submersion to protect valuable items and documents from flood damage
- Low battery indicator
- Holds letter and A4 size paper flat
- Lifetime after-fire replacement guarantee
