- Available as particle-cut version in security level 3
- Handle recess on the top makes lifting the upper part and emptying the container easier
- Device height: 455 mm
- Automatic start/stop function
- Automatically stops when the shredded material container is full or is removed
- Reverse button with multi-function (pressing reverse again continues the process)
- ZES (zero energy standby) for zero power consumption in standby mode

HSM SECURIO C16

Handle recess on the top makes it easy to lift the upper part and empty the container.

Reverse button with multi-function (pressing reverse again continues the process). Auto-reverse in the event of a paper jam.

ZES (zero energy standby): zero power consumption in standby mode.

Folding safety element with contact protection (the machine stops when pressure is applied to the element).
