

The largest document shredder of the SECURIO product range. With maximum capacity and collection volume.

- Also shreds credit cards and store cards as well as CDs, discs and USB sticks (see table for details)
- Intake width: 400 mm
- Available as strip-cut version in security level 2
- Available as particle-cut version in security levels 3, 4, 5 and HS level 6
- Container/collection volume: 205 l
- Device height: 1025 mm
- Automatic reverse in the event of a paper jam
- EMCS (energy management and control system): automatic shutdown function, automatic switch-off, permanent mode
- Folding safety element with contact protection and integrated service flap
- Automatic oiler for particle-cut version
- Mobile on rollers
- The PAPERcontrol function for measuring the paper thickness makes it easy to conveniently avoid paper jams. An LED indicator on the control unit of the device indicates whether the paper stack can be shredded in one cycle or not.
- Option: separate CD cutting unit for shredding CDs and DVDs in two versions:
 - For particle size 3.9 x 40 mm
 - In high security OMDD (particle size 2.2 x 4 mm); for highest security requirements. Recommended by the Federal Office for Information Security (BSI)
- Option: metal detection – protects the cutting unit against accidental metallic material damage

HSM SECURIO P44

The HSM SECURIO P44 is optionally available with a separate CD cutting unit.

The automatic oiler ensures a consistent cutting capacity and quality for the particle-cut version.

Folding safety element with contact protection and integrated service flap.

PAPERcontrol for measuring the paper thickness – prevents paper jams.
