

STAPLING

FLAT AND SADDLE STAPLING.
SIMPLE. FAST. PRECISE.

Flat stapling with
the NAGEL RINAK.

WE CREATE A PROFESSIONAL IMPRESSION

Flexible stapling.

■ Nagel staplers leave nothing to be desired in daily office use. The staplers, both manual and electric, are robust and durable. Flat or saddle stapling, flat or loop staples, small or large volumes and changing formats – Nagel staplers stand out by their versatility.

Rinak / Rinak Duo.

■ The Rinak electric stapler is excellently suited for sophisticated stapling jobs in offices, schools, copy shops and printing houses. The simple handling and easy changeover from flat to saddle stapling are indispensable features for a device designed for multiple users. The Rinak produces perfect presentation material quickly and efficiently, even in small volumes.

NAGEL RINAK DUO saddle stapling.

The Rinak Duo is the perfect choice for users who want to staple documents with two staples in one pass. The Rinak Duo consists of two combined Rinak staplers. The unit is very operator friendly and also uses loop staples to produce booklets that can be filed.

Users who are already working with a Rinak can extend this unit to a Rinak Duo at any time.

NAGEL RINAK saddle stapling.

H x W x D packed (cm)	31 x 44 x 44	62 x 44 x 54
Stand net/packed (kg)	11/13	–

NAGEL RINAK on adjustable stand.

Easy handling.

■ Within seconds the feed table can be changed over from flat to saddle stapling. The variable paper stop ensures that the staples are spaced correctly (which is especially important when loop staples are used) and positioned precisely. The staple magazine can be opened at the front for an easy reloading of staples.

Versatile use.

- Saddle stapling up to DIN A4 booklet size and 30 sheets (equals 120 pages)
- Flat stapling up to 40 sheets
- Loop stapling without changeover (distance between staple loops exactly 80 mm for brochures that can be filed)
- Stapling power can be adjusted to thin and thick paper layers

Tak 18.

■ With its powerful electric motor and foot switch, the electric pad stapler Tak is designed specially for thick pads. Pads of up to 14 mm (140 sheets) can be stapled easily and precisely. The robust stapling head ensures a fast and reliable stapling of sophisticated material. The back stop is infinitely variable and permits a fast and flexible format change.

NAGEL TAK 18.

Quality down to the smallest detail:
NAGEL staples.

Enak.

■ The Enak 50-200 is especially suitable for manual pad stapling of smaller volumes. Its high-quality workmanship makes the stapler a reliable and durable tool. The Enak is designed for heavy duty and can staple pads of up to 17 mm (170 sheets). Different materials like paper, cardboard, leather, textiles and synthetic materials can be processed without any problems.

Number of stapling heads	1
