CONFERENCE PHONE SERIES

PROFESSIONAL SHARED VOICE DEVICES

Yealink designs audio conferencing solutions for different conference environments, continuously improves its products, is dedicated to providing clear and smooth conference communication experiences for indoor and remote attendees, and helps customers reduce communication costs and increase productivity.

Ingenious Next-Gen Designs

Yealink's new conference phone series overturns traditional designs with an ultra-thin and sleek appearance and black acoustic fabric, ensuring crystal clear sound while blending perfectly into the business occasion of the conference room. This serialized design is also water, oil, and stain resistant, preventing issues caused by 'oops' moment in meetings.

Game-changing Audio Presence

Wrapped under the stunning appearance is a powerful set of technology and professional components that give Yealink conference phones outstanding audio quality. Yealink has developed a series of acoustic technology, including Smart Noise Filtering, Optimal HD audio, and Noise Proof Technology, to provide customers with studio-like audio experiences.

Easy Scalability for More Flexibility

Considering the various usage scenarios of customers in meetings, Yealink maximizes the scalability of conference phones. By simply connecting mobile devices such as smartphones, PSTN devices CPN10, etc., to the conference phone via Bluetooth or USB, attendees can join the meeting and enjoy the quality audio of hybrid UC meetings. Yealink conference phones are also able to connect with wireless expansion microphones (CPW25*pending/CPW65) to deliver optimal microphone placement and wider room coverage in meetings.

CP965 Flagship Conference Phone

Recommended for medium to large meeting rooms

Key Features:
· 5'' capacitive touch screen, premium business styling, Reddot award-winning quality
· Android 9.0 OS for smoother operating experiences
· Built-in 12-microphone array for 360-degree voice pickup and 1 microphone for noise cancellation, providing best-in-class conversation environment
· Supports 2 DECT wireless expansion microphone CPW65 and 4 CP965 cascades, enabling CP965 to be utilized in more conferencing scenarios.

T5 SERIES
FLAGSHIP
DESKTOP IP PHONE

In response to market demand, Yealink designed and developed the new T5 business phone series, one of the industry's most advanced IP desk phone portfolios, to provide a customer-centric communication and collaboration experience for businesses of all sizes.

Adjustable High-Resolution Display Intuitive UI and Clear Navigation

Aligning with a fully adjustable display of high resolution, the T5 Series desktop phone brings vivid and clear visual presentation under diverse lighting conditions with flexible viewing angles. Moreover, the new UI optimizes the user experience with more intuitive and clear navigation for high-efficiency communication.

Cutting-edge Audio Technologies Immersive Conversations

Aimed at delivering distraction-free voice clarity, Yealink Acoustic Shield utilizes multiple microphones to create a virtual "shield" and intelligently block out background noise so that others can hear you only and follow you clearly.

In busy and noisy workplaces such as call centers and co-working spaces, Yealink Acoustic Shield Technology dramatically reduces frustration and improves productivity.

Premium Video Meeting Experiences at the Desktop

With increasing significance in remote collaboration for workforces in hybrid workstyles, the Yealink Flagship Smart Video Phone VP59 and Smart Business Phones T58 Series fulfill the needs of professional HD integrated video calling and voice collaboration at the desktops as well as in huddle spaces.

More Possibilities Powered by New High-performance Processor

Seamlessly compatible with the Yealink DECT Dongle DD10K, the T5 business phone can be turned into a DECT base unit and connected with up to 4 Yealink DECT handsets. Ideal for SMBs as well as home offices, the corded-cordless phone solution adds significant flexibility and mobility to free the workers from the desk.

VP59 Flagship Desktop Phone

**Recommended Users: Senior managers,
Executives with integrated video calling needs**

- 8'' capacitive adjustable touch screen, sleek style with intuitive user interface
- 1080p@30 full HD video, with audio 2M pixels camera, larger field of view of 84°, the highest video quality standard for desktop phones
- Optimal HD Voice with Yealink Noise Proof and Acoustic
- Shield Technologies
- Built-in Wi-Fi (Dual-band 2.4G/5G) & Bluetooth
- Supports Power over Ethernet HDMI extension output for monitor connection
- Supports up to 3 EXP50, 180 additional buttons with LED system

Learn More

T58W Series Elite Desktop Phone

**Recommended Users: Executives,
Professionals with integrated video calling needs**

Flexible to choose whether to have the five-megapixel camera for multi-way audio/video mixed conferencing

7'' capacitive adjustable touch screen, sleek style with intuitive user interface

Optimal HD Voice with Yealink Noise Proof and Acoustic Shield Technologies

Bluetooth handset that allows users to move around freely and conveniently

Android 9.0 OS for better data encryption, authority management, response speed and integratability

Built-in Wi-Fi (Dual-band 2.4G/5G) & Bluetooth

Supports up to 3 EXP50, 180 additional buttons with LED system

Learn More
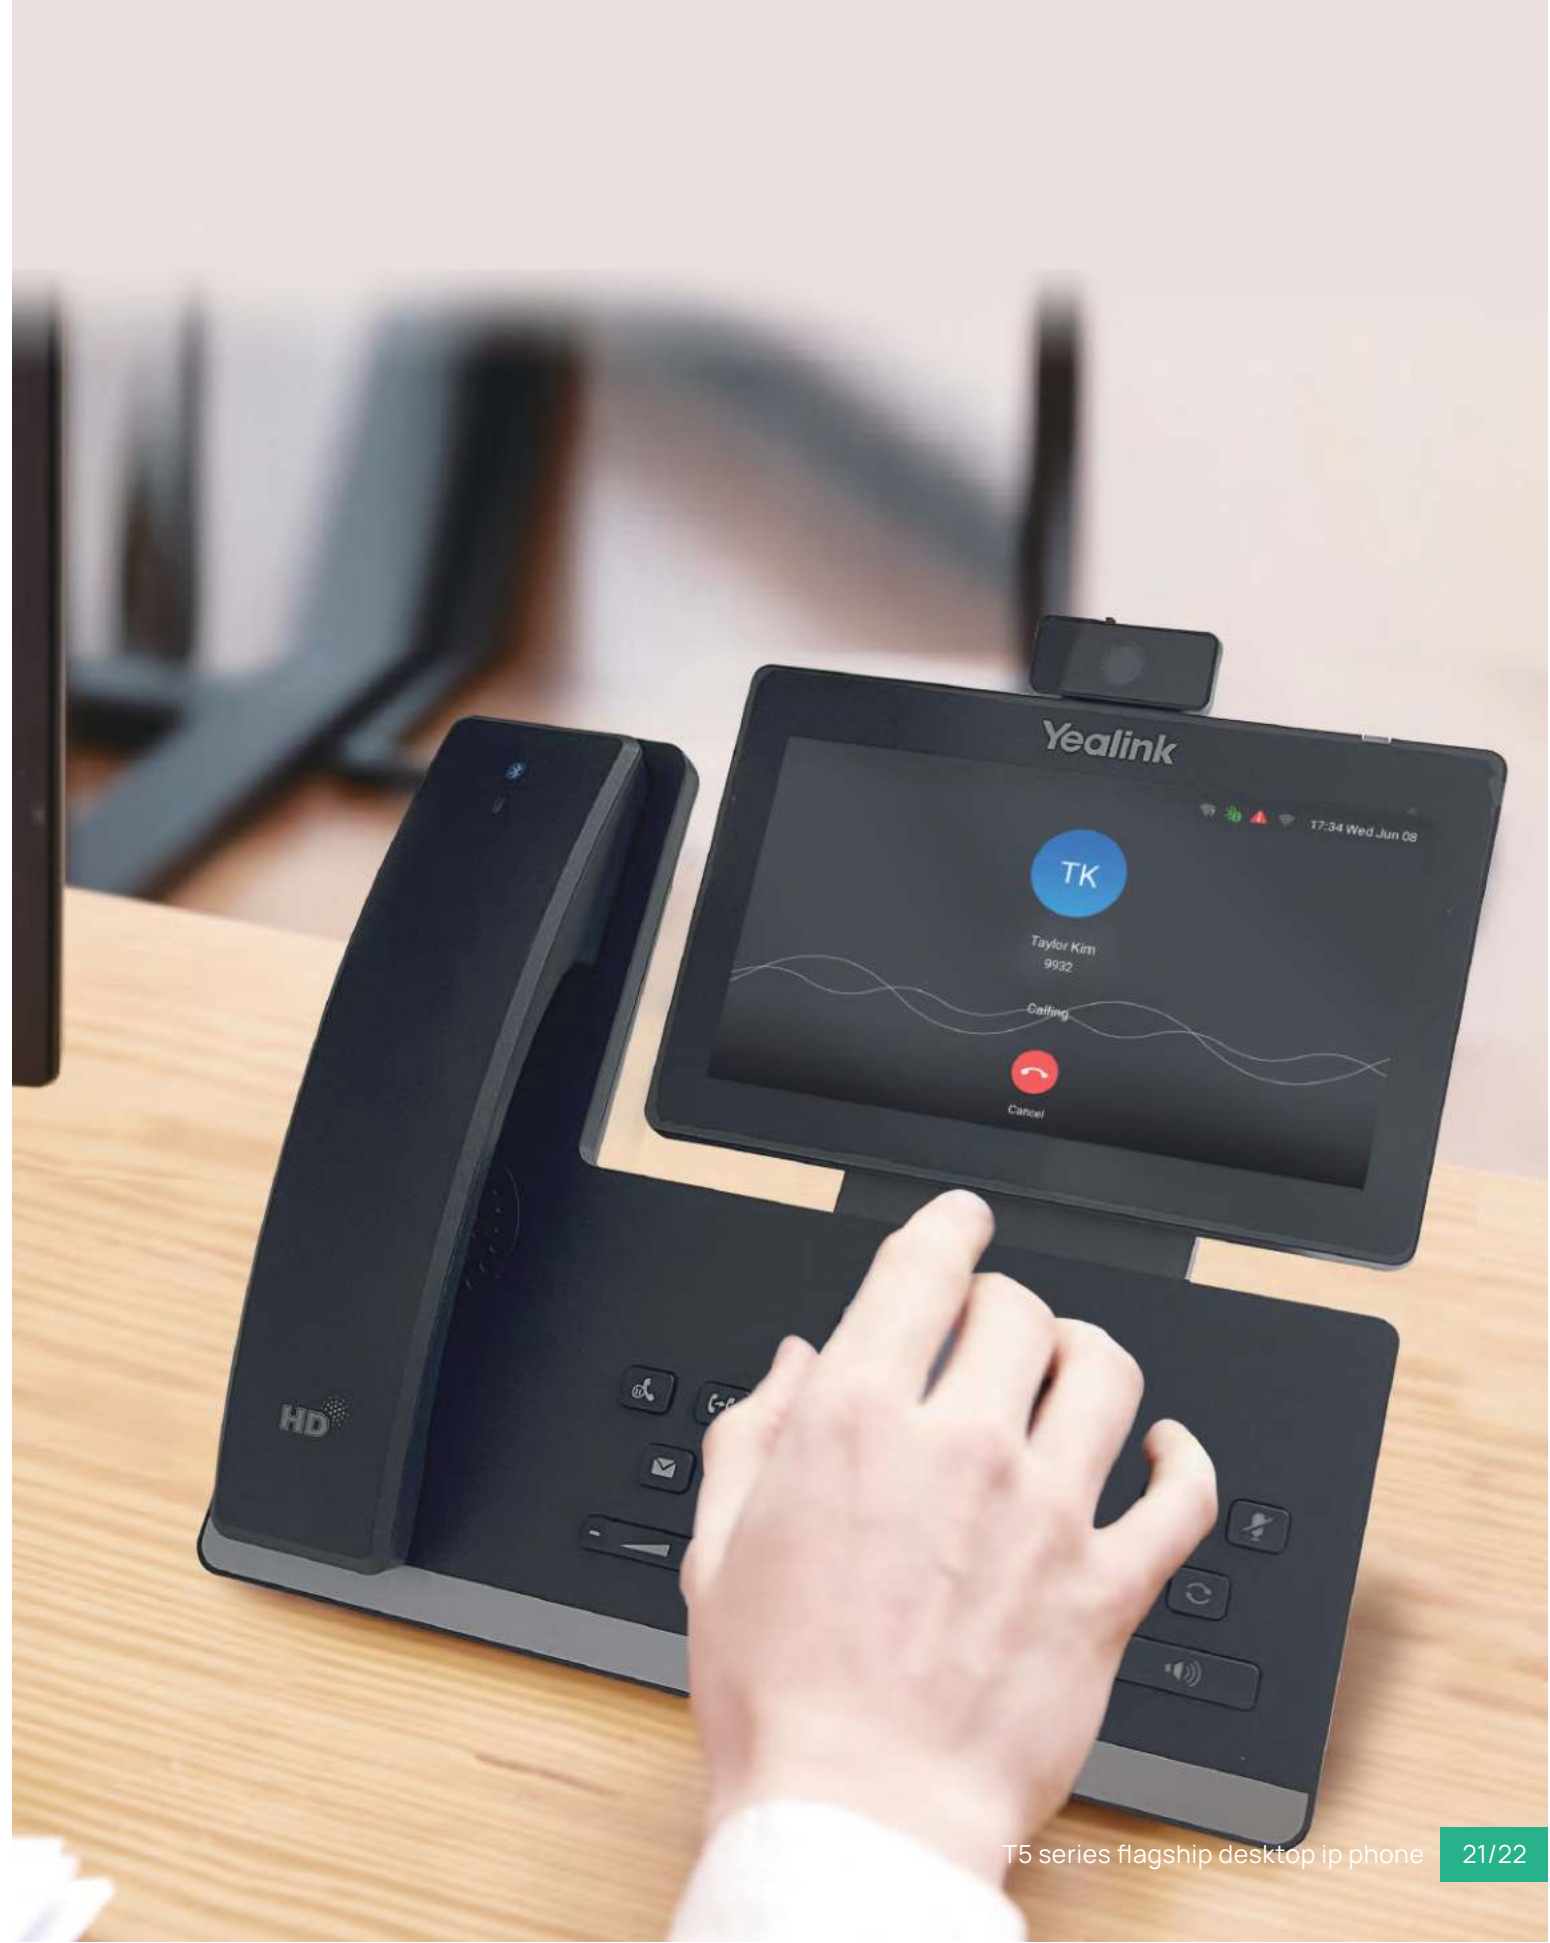

T57W Prime Business Phone
Recommended Users: Officers with heavy call load

- 7'' capacitive adjustable touch screen, sleek style with intuitive user interface
- Optimal HD Voice with Yealink Noise Proof and Acoustic Shield Technologies
- Built-in Wi-Fi (Dual-band 2.4G/5G) & Bluetooth
- Supports up to 3 EXP50, 180 additional buttons with LED system

Learn More

T54W Mid-Level Business Phone
Recommended Users: Officers with moderate call load

- 4.3'' capacitive adjustable screen, sleek style with intuitive user interface
- Optimal HD Voice with Yealink Noise Proof and Acoustic Shield Technologies
- Built-in Wi-Fi (Dual-band 2.4G/5G) & Bluetooth
- Supports up to 3 EXP50, 180 additional buttons with LED system

Learn More

T53/T53W Entry-Level Business Phone
Recommended Users: General Staff

- 3.7'' capacitive graphical screen
- Optimal HD Voice with Yealink Noise Proof and Acoustic Shield Technologies
- Built-in Wi-Fi (Dual-band 2.4G/5G) & Bluetooth (Only for T53W)
- Supports up to 3 EXP50, 180 additional buttons with LED system

T4 SERIES
BUSINESS DESKTOP IP PHONE

———

Yealink's T4U Series phones are an enterprise-grade solution with different endpoints for the most prevalent usages in various business sections. Combining optima HD audio with an elegant profile, accessible color display, multi-line features, and Gigabit Ethernet connectivity, the T4U Series is the perfect choice for administrative staff, knowledge workers, managers, and executives.
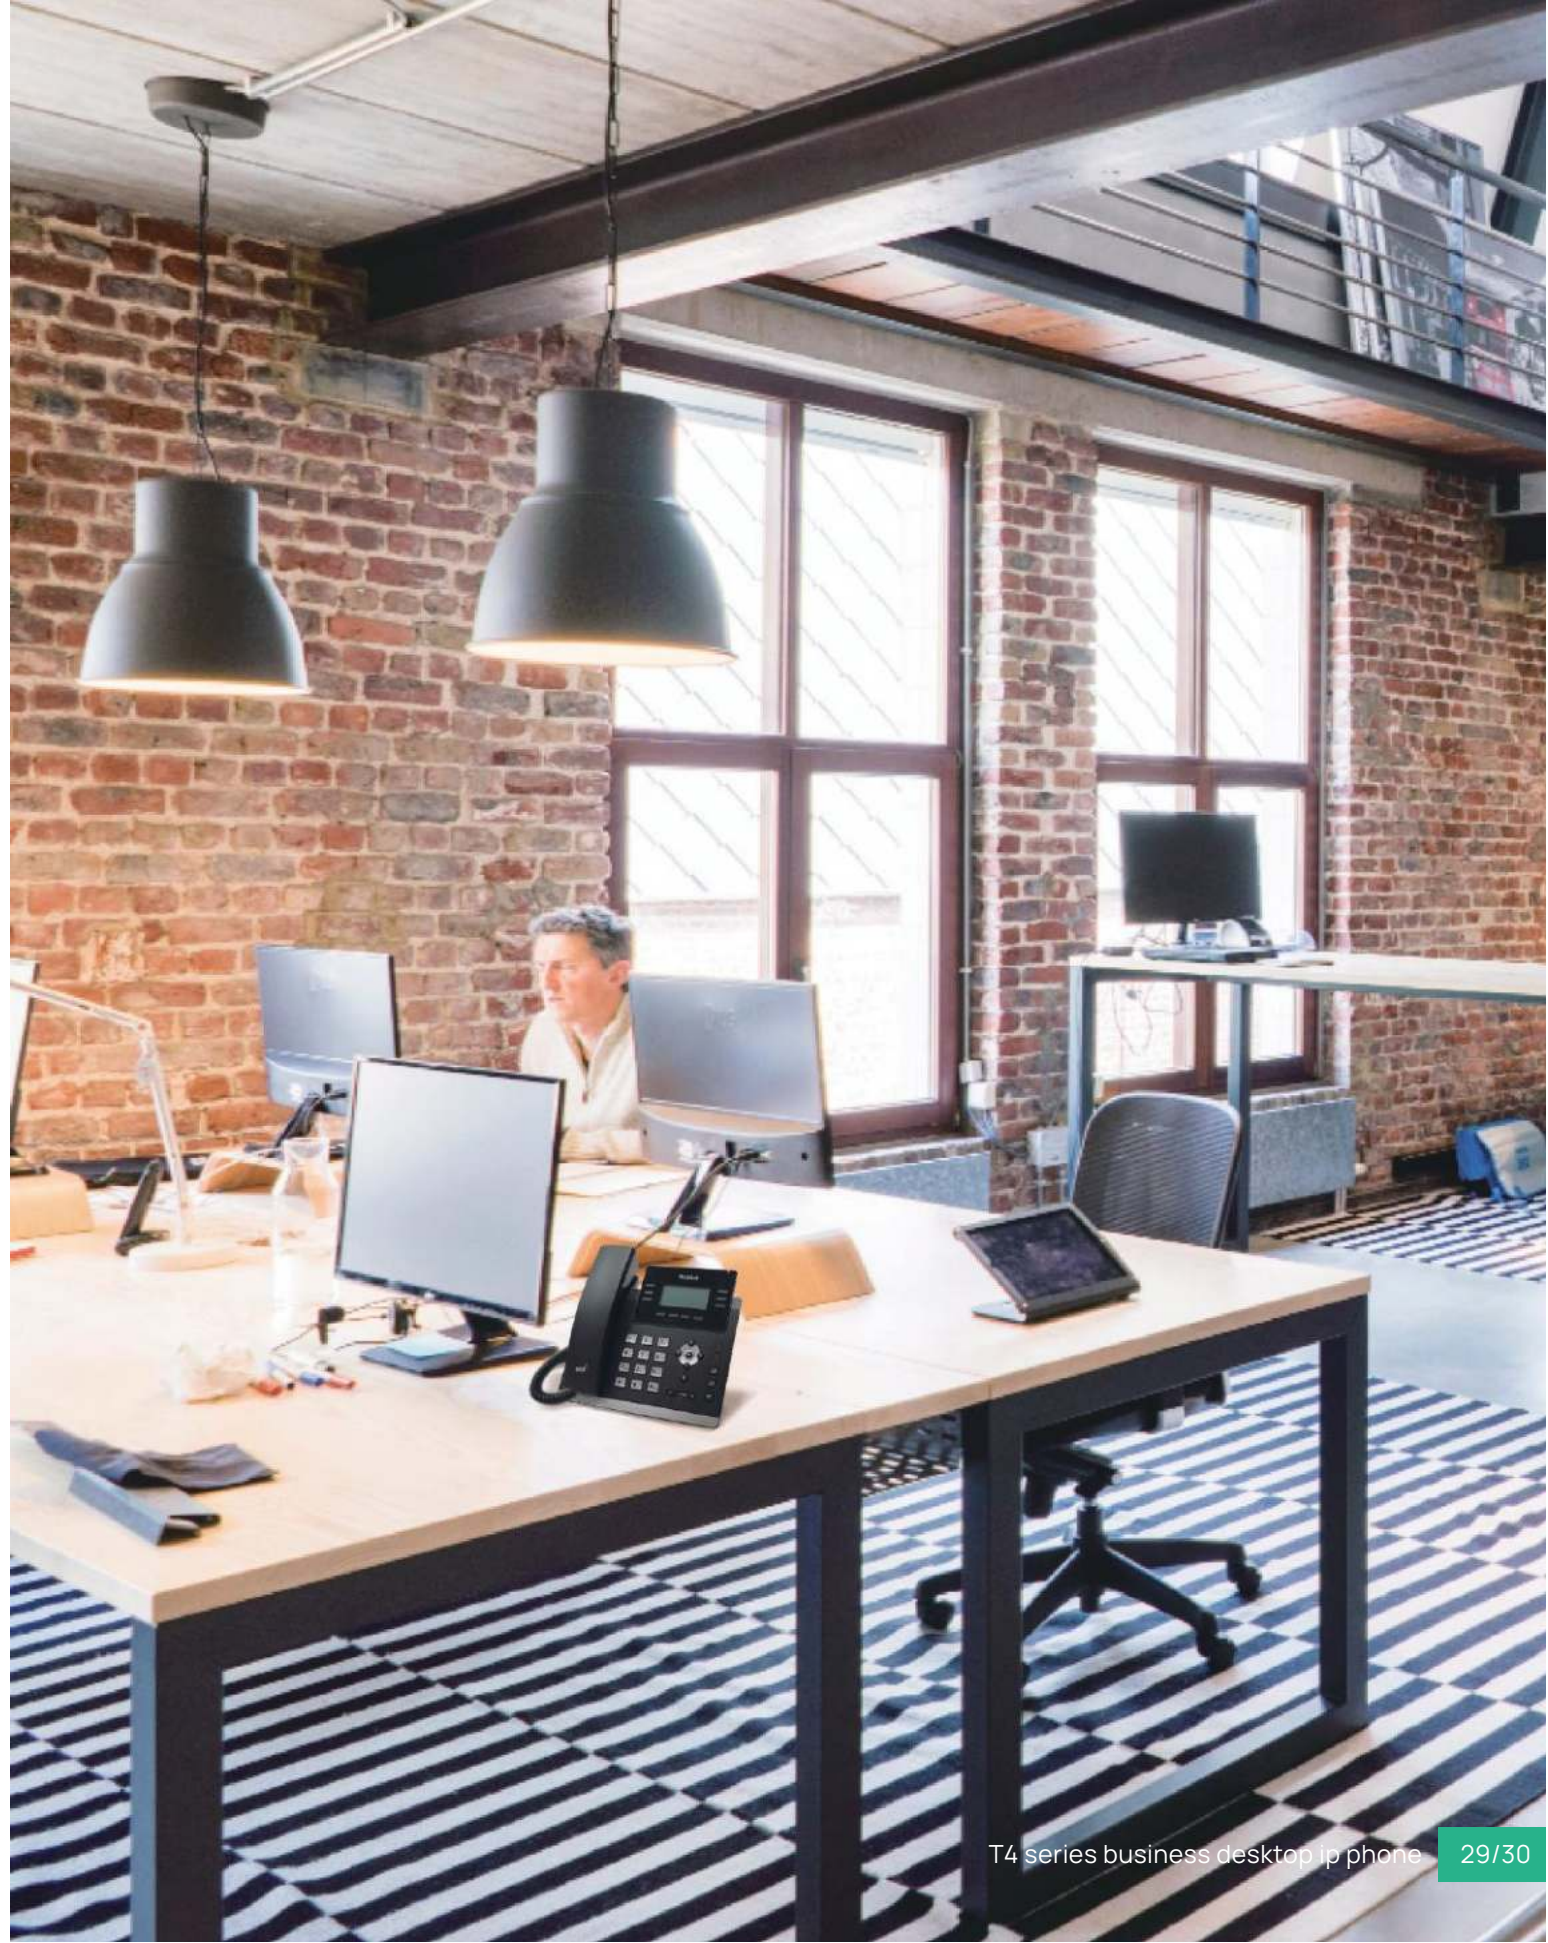

Classic Design with Elegance and Dedicated Details

The T4U Series embraces an ultra-elegant appearance with comfortable tactile and user-friendly UI, which is a perfect fit in modern working spaces with an easy-to-use and productive experience.

Advanced Audio Technologies for Noise-free Conversations

With Yealink's Optima HD Audio Technology and the adoption of the Opus codec, the T4U Series provides industry-leading acoustic clarity and guarantees a lifelike communication experience for the users in both high-bandwidth environments and poor network conditions.

Effortless Configuration and Upgrade Saving Time and Labor Costs

Yealink T4U Series supports an efficient provision and mass deployment mechanism with Yealink's Redirection and Provisioning Service (RPS). The T4U also features a unified firmware and auto-provision template, saving even more time and IT costs for businesses.

T48U Advanced Business Phone

Recommended users: executives, managers

- · 7" color touch screen with backlit
- · Optima HD voice, Acoustic Shield & Smart Noise Filtering
- · Up to 16 VoIP accounts
- · Supports Bluetooth and Wi-Fi via optional USB Dongle
- · Dual-port Gigabit Ethernet
- · 2 USB 2.0 port for USB recording and wired/wireless USB headsets
- · 29 one-touch DSS keys that can be easily programmed to various features
- · Supports up to 3 EXP43, 180 additional buttons with LED system

Learn More

T46U Productive Business Phone

Recommended users: busy office workers

- · 4.3" color screen with backlit
- · Optima HD voice, Acoustic Shield & Smart Noise Filtering
- · Up to 16 VoIP accounts
- · Supports Bluetooth and Wi-Fi via optional USB Dongle
- · Dual-port Gigabit Ethernet
- · 2 USB 2.0 port for USB recording and wired/wireless USB headsets
- · Flexible buttons that can be easily programmed with up to 27 paperless DSS keys
- · Supports up to 3 EXP43, 180 additional buttons with LED system

DECT PHONE SERIES

PROFESSIONAL CORDLESS IP PHONE

———

Enabling telephony communication in mobile working is of great significance in certain scenarios and environments such as warehouses, factory sites, retails, restaurants, SOHOs and SMEs.

Yealink DECT IP Phone Solution is specifically designed to power up on-the-move communication with sophisticated HD voice, robust battery and stable signal process performance.
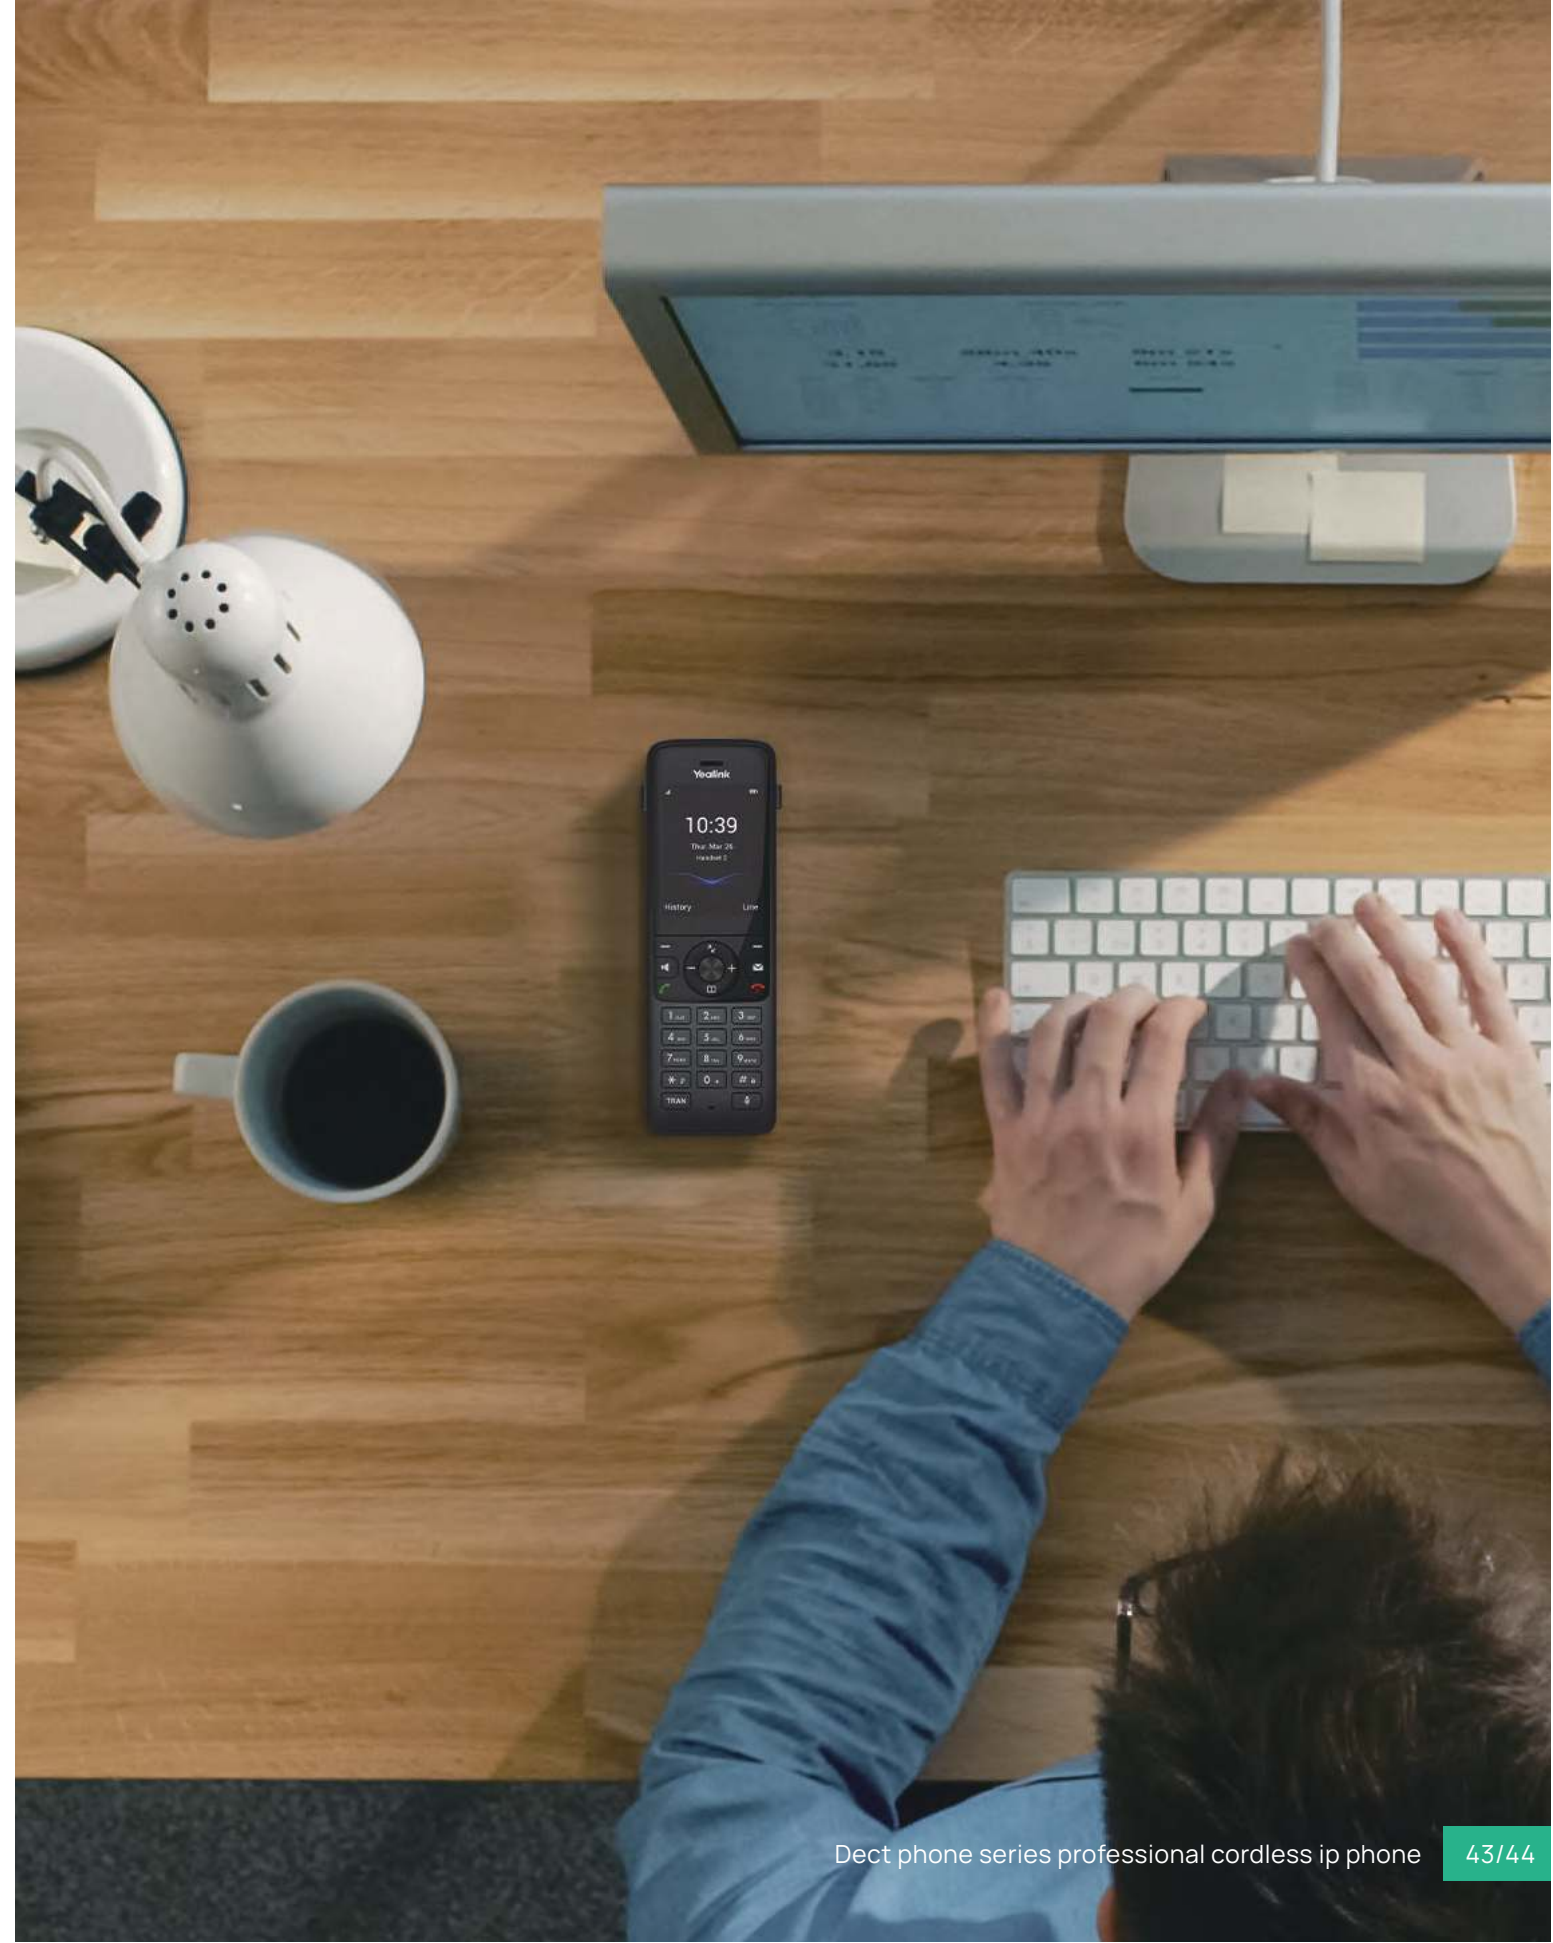

Ergonomic Design for Reliable and Portable Experience in Modern Working Spaces

Compact, lightweight and easy-to-carry, endpoints of Yealink's DECT solution are outlined with a metallic appearance, modern business style, classic hard keypad, and intuitive UI.

Superb HD Audio with Opus Codec for Clear and Focus Communication

Based on professional hardware and a sophisticated acoustic algorithm, the Yealink's DECT solution delivers superb quality audio with stable and reliable performance under diverse network conditions. Even in complicated environments, the processing capacity of Yealink's DECT phone systems can block out noise and keep conversations clear and focused.

Streamline Provision and Management with Ease and Efficiency

Yealink's DECT phone systems support efficient provisioning and effortless mass deployment with Yealink's Redirection and Provisioning Service (RPS), and Boot mechanism to help realize remote deployment, maintenance, and upgrade.

DECT Single-cell System
Yealink W70B DECT Base Station

Designed for small- to medium-sized business, Yealink W70B is eligible for single-cell IP phone systems with up to 10 DECT endpoints and 6 repeaters for larger signal coverage.

Premium Audio Performance
Equipped with upgraded processing capability and acoustic algorithm, the W70B provides the users with better performance in signal stability and audio quality by supporting Opus codec and noise cancellation technologies.

Productive DECT Ecosystem with All-rounded Endpoints
Yealink's W70B is compatible with Yealink's whole series of DECT endpoints including handsets, conference phones and DD phones, offering multiple choices for building a wireless communication network in various workspaces across small and medium size business.

Easy Deployment and Efficient Management
The W70B supports efficient provisioning and effortless mass deployment with Yealink's Redirection and Provisioning Service (RPS) and Boot mechanism to realize the Zero Touch Provisioning. An upgraded web portal is also utilized for more intuitive and user-friendly experience in managing devices.

up to 10 DECT Handsets	up to 20 Simultaneous Calls	up to 10 SIP Accounts	up to 6 DECT Repeaters

Recommend Solutions:

For business workplaces
- W73P (W73H+W70B)
- W76P (W56H+W70B)
- W78P (W78H+W70B)

For challenging and harsh environments
- W79P (W59R+W70B)
- W77P (W57R+W70B)

YEALINK IP PHONE ACCESSORIES

Yealink's IP Phone accessories range from expansion modules to USB dongles and professional headsets. They increase the usability and impact of your existing collaboration network and maximize the compatibility of solutions.

EXP50 LCD Color-screen Expansion Module

· 4.3" 272x480-pixel color screen
· Color icons for rich visual experience
· 20 physical keys on each page with dual-color LED
· 3 control keys with LED for fast switching pages
· Supports up to 3 daisy-chained modules
· Supports Yealink T5 Series only

EXP43 LCD Color-screen Expansion Module

· 4.3" 272x480-pixel color screen
· Color icons for rich visual experience
· 20 physical keys on each page with dual-color LEDs
· Three independent control keys with illuminated LED for fast switching pages
· Supports up to 3 modules daily-chain
· Supports T43U/T46U/T48U

DD10K DECT USB Dongle

· Supports Yealink SIP- T41S/T42S with FW 66.82.0.35 or 66.84.0.10, Yealink T5 series.
· Supports up to 4 compatible Yealink handsets
· Compliant with the CAT-iq 2.0 standards
· Plug and Play
· High Transmission Rate

CPW65 CP Wireless DECT Expansion Mic

· Audio input device for Yealink CP965 conference phone
· Optimal HD voice with 3 built-in microphones
· 10-foot (3-meter) 360° voice pickup
· Up to 20-meter connection distance with the CP965
· 11-day standby time and 13-hour talk time
· 360° non-directional charging on charger cradle

CAM50 HD Camera

· SIP-T58W/SIP-T58A
· 5 mega-pixel HD camera with privacy shutter
· 720p@30fps

RT30 DECT Repeater

· Compatible with DECT CAT-iq 2.0
· Supports Yealink W60B DECT base station
· Up to 6 repeaters per base station
· Wall mountable

WF50 Dual Band Wi-Fi USB Dongle

· Compatible with Yealink T42U/T43U/T46U/T48U/T53
· Dual-band connectivity
· High transmission rate
· Interference free, reliable connection

WF40 Wi-Fi USB Dongle

· Compatible with Yealink T42U/T43U/T46U/T48U/T53
· High transmission rate, reliable connection
· Compliant with IEEE802.11b/g/n
· Low power consumption

EHS60 Headset Adapter

· Compatible with Jabra, Plantronics, Sennheiser
· Control call through wireless headset
· Plug and play
· Easy to use

EHS40 Headset Adapter

· Compatible with Jabra, Plantronics, Sennheiser
· Control call through wireless headset
· Plug and play
· Easy to use

EHS36 Wireless Headset Adapter

· Compatible with Jabra, Plantronics and Sennheiser
· Plug and play, easy to use

BT41 Bluetooth USB Dongle

· Compatible with Yealink T42U/T43U/T46U/T48U/T53
· Support for up to 10 meters of range
· Compatible with v4.0+HS system
· Wideband audio support
